

Answer Key — Module 07: Communication & Collaboration

MCQ Answer Key

1. Email stands for? a) Electronic Mail b) Electric Mail c) Easy Mail d) External Mail **Answer: a) Electronic Mail**
2. Email format? a) user@domain.com b) user.domain c) <http://user> d) @only **Answer: a) user@domain.com**
3. Attachment icon? a) Paperclip b) Star c) Trash d) Home **Answer: a) Paperclip**
4. CC means? a) Carbon copy visible b) Hidden copy c) Delete copy d) Print copy **Answer: a) Carbon copy visible**
5. BCC means? a) Blind carbon copy hidden b) Big copy center c) Browser copy d) Backup cloud copy **Answer: a) Blind carbon copy hidden**
6. Reply sends to? a) Original sender b) Everyone BCC hidden c) Nobody d) Printer **Answer: a) Original sender**
7. Forward sends? a) Copy to new recipient b) Deletes original c) Formats PC d) Installs OS **Answer: a) Copy to new recipient**
8. Gmail provided by? a) Google b) Microsoft only c) Apple only d) Government only **Answer: a) Google**
9. Outlook email by? a) Microsoft b) Google only c) LibreOffice d) Linux kernel **Answer: a) Microsoft**
10. Compose email needs? a) To, Subject, Body b) CPU serial only c) Printer model d) BIOS version **Answer: a) To, Subject, Body**
11. Email etiquette includes? a) Clear subject line b) ALL CAPS shouting OK always c) Share passwords d) No greeting ever required wrong **Answer: a) Clear subject line**
12. Cloud storage example? a) Google Drive b) CPU cache c) RAM stick d) Printer tray **Answer: a) Google Drive**
13. Google Meet used for? a) Video meetings b) Word processing c) Database d) Antivirus **Answer: a) Video meetings**
14. Zoom is? a) Video conferencing tool b) Spreadsheet c) OS d) Printer driver **Answer: a) Video conferencing tool**
15. Microsoft Teams for? a) Collaboration and meetings b) Only games c) Only photos d) BIOS **Answer: a) Collaboration and meetings**
16. WhatsApp Web requires? a) Phone linked scan QR b) Only printer c) Only scanner d) BIOS password **Answer: a) Phone linked scan QR**
17. Share Drive file link sets? a) View or edit permission b) Deletes file c) Formats PC d) Removes OS **Answer: a) View or edit permission**
18. Spam is? a) Unwanted bulk email b) Helpful newsletter always c) OS update d) CPU **Answer: a) Unwanted bulk email**
19. Mark as spam should? a) Not reply to suspicious b) Reply with password c) Forward to all d) Click all links **Answer: a) Not reply to suspicious**
20. Video call needs usually? a) Camera mic internet b) Printer only c) Scanner only d) Floppy disk **Answer: a) Camera mic internet**
21. Mute in meeting? a) Others cannot hear you b) You cannot hear c) Meeting ends d) PC shuts down **Answer: a) Others cannot hear you**

22. Screen share shows? a) Your screen to participants b) CPU chip c) RAM label d) Printer ink **Answer: a) Your screen to participants**
23. Collaboration doc editing? a) Multiple users same file online b) One user paper only c) No internet ever d) BIOS edit **Answer: a) Multiple users same file online**
24. Social media examples? a) Facebook, LinkedIn b) Excel, Word only c) BIOS, CPU only d) None **Answer: a) Facebook, LinkedIn**
25. Professional network often? a) LinkedIn b) Only games c) Only music d) Printer manual **Answer: a) LinkedIn**
26. Do not share in email? a) Passwords and OTP b) Assignment files allowed sometimes c) Resume when applying OK d) Project docs when needed **Answer: a) Passwords and OTP**
27. Email signature includes? a) Name contact info b) Password c) OTP d) Bank PIN **Answer: a) Name contact info**
28. Large file share better via? a) Cloud link not huge attachment b) 10 GB attachment always c) Floppy d) BIOS **Answer: a) Cloud link not huge attachment**
29. Calendar invite for? a) Scheduling meetings b) Virus scan c) Format disk d) Print only **Answer: a) Scheduling meetings**
30. Instant messaging is? a) Real-time text chat b) Postal mail c) Fax only d) Printer queue **Answer: a) Real-time text chat**
31. Telegram/WhatsApp are? a) Messaging apps b) Spreadsheets c) Databases d) OS kernels **Answer: a) Messaging apps**
32. OneDrive cloud by? a) Microsoft b) Google only c) LibreOffice d) Intel **Answer: a) Microsoft**
33. Dropbox is? a) Cloud file storage b) Antivirus c) Word processor d) CPU **Answer: a) Cloud file storage**
34. Reply All sends to? a) All original recipients b) Sender only c) Nobody d) Printer **Answer: a) All original recipients**
35. Draft email saved? a) Incomplete message saved b) Sent automatically c) Deleted always d) Printed **Answer: a) Incomplete message saved**
36. Out of office auto-reply? a) Automatic response when away b) Virus c) Spam filter off d) BIOS **Answer: a) Automatic response when away**
37. Netiquette means? a) Online behavior etiquette b) Network cable type c) Printer setting d) CPU speed **Answer: a) Online behavior etiquette**
38. Phishing email may ask? a) Password or OTP wrongly b) Nothing suspicious ever c) Only hello d) Only weather **Answer: a) Password or OTP wrongly**
39. Verify sender email by? a) Checking address carefully b) Clicking all links c) Downloading exe d) Sharing Aadhaar **Answer: a) Checking address carefully**
40. Collaborative whiteboard tools? a) Jamboard, Miro examples b) Only Notepad c) Only Calculator d) BIOS setup **Answer: a) Jamboard, Miro examples**
41. Breakout rooms in meetings? a) Small group sessions b) Delete participants c) Format PC d) Print slides **Answer: a) Small group sessions**
42. Recording meeting needs? a) Consent and policy b) Never inform anyone wrong c) Always illegal wrong blanket d) Printer permission **Answer: a) Consent and policy**

46. Shared document comment feature? a) Feedback without changing main text optionally b) Deletes file c) Formats C: d) Removes OS **Answer: a) Feedback without changing main text optionally**
47. Webmail accessed via? a) Browser b) Only postal mail c) Only fax d) Printer panel **Answer: a) Browser**
48. Email client example? a) Outlook app Thunderbird b) Chrome browser only always wrong both can c) Calculator d) Paint **Answer: a) Outlook app Thunderbird**
49. 2FA on email adds? a) Extra login security b) Second printer c) More spam d) Removes password **Answer: a) Extra login security**
50. Email stands for? a) Electronic Mail b) Electric Mail c) Easy Mail d) External Mail **Answer: a) Electronic Mail**

Short Answer Key

1. Define key concept in Communication & Collaboration. **Ans:** See study notes summary section.
2. List five important terms from Communication & Collaboration. **Ans:** Refer module study notes vocabulary.
3. Name three practical tasks for Communication & Collaboration. **Ans:** See Section C practical checklist.
4. Why is Communication & Collaboration important for CCC exam? **Ans:** CCC tests digital literacy including this module.
5. Give two exam tips for Communication & Collaboration. **Ans:** Practice MCQs daily; do hands-on lab tasks.
6. Define key concept in Communication & Collaboration. **Ans:** See study notes summary section.
7. List five important terms from Communication & Collaboration. **Ans:** Refer module study notes vocabulary.
8. Name three practical tasks for Communication & Collaboration. **Ans:** See Section C practical checklist.
9. Why is Communication & Collaboration important for CCC exam? **Ans:** CCC tests digital literacy including this module.
10. Give two exam tips for Communication & Collaboration. **Ans:** Practice MCQs daily; do hands-on lab tasks.
11. Define key concept in Communication & Collaboration. **Ans:** See study notes summary section.
12. List five important terms from Communication & Collaboration. **Ans:** Refer module study notes vocabulary.
13. Name three practical tasks for Communication & Collaboration. **Ans:** See Section C practical checklist.
14. Why is Communication & Collaboration important for CCC exam? **Ans:** CCC tests digital literacy including this module.
15. Give two exam tips for Communication & Collaboration. **Ans:** Practice MCQs daily; do hands-on lab tasks.

Practical Checklist Key

1. Complete lab task 1 from Communication & Collaboration study notes. **Verify:** Trainer initials & date when demonstrated.

2. Complete lab task 2 from Communication & Collaboration study notes. **Verify:** Trainer initials & date when demonstrated.
 3. Demonstrate skill to trainer on PC. **Verify:** Trainer initials & date when demonstrated.
 4. Screenshot or checklist signed by trainer. **Verify:** Trainer initials & date when demonstrated.
 5. Revise wrong MCQs from practice test. **Verify:** Trainer initials & date when demonstrated.
 6. Peer review exercise in lab. **Verify:** Trainer initials & date when demonstrated.
 7. Timed 10-minute drill on key shortcuts. **Verify:** Trainer initials & date when demonstrated.
 8. Document steps in notebook. **Verify:** Trainer initials & date when demonstrated.

Answer Key — Module 09: E-Governance Services

MCQ Answer Key

1. DigiLocker stores? a) Digital certificates documents b) Physical cash c) Printer ink d) CPU chips **Answer: a) Digital certificates documents**
2. UMANG app provides? a) Government services unified b) Games only c) Movies only d) Word processor **Answer: a) Government services unified**
3. e-Governance means? a) Government services via ICT b) Email only c) Games policy d) Private social media only **Answer: a) Government services via ICT**
4. Aadhaar used for? a) Identity authentication b) Word processing c) Spreadsheet d) Presentation theme **Answer: a) Identity authentication**
5. India.gov.in is? a) National portal b) Private shop c) Game site d) Antivirus **Answer: a) National portal**
6. Online PAN apply via? a) NSDL/UTIITSL portals b) Random WhatsApp c) Unknown email EXE d) Pop-up ad **Answer: a) NSDL/UTIITSL portals**
7. Passport application online? a) Passport Seva portal b) Facebook form c) Instagram DM d) Random APK **Answer: a) Passport Seva portal**

8. Voter ID services online? a) NVSP portal b) Unknown blog c) Pirate site d) Spam email link **Answer: a) NVSP portal**
9. Income tax e-filing? a) Official incometax.gov.in b) Random .com similar phishing caution c) Word doc macro d) Excel only offline always wrong **Answer: a) Official incometax.gov.in**
10. GST registration online? a) gst.gov.in b) Unknown mirror site c) Telegram bot only wrong d) Email attachment exe **Answer: a) gst.gov.in**
11. EPFO member portal for? a) Provident fund services b) Games c) Music streaming d) PPT templates **Answer: a) Provident fund services**
12. Ayushman Bharat digital mission? a) Health records ecosystem b) Word spell check c) Excel pivot only d) Printer driver **Answer: a) Health records ecosystem**
13. Digital India initiative aims? a) Digital empowerment b) Remove all computers wrong c) Ban internet wrong d) Only imports hardware wrong **Answer: a) Digital empowerment**
14. MyGov platform for? a) Citizen engagement b) Private banking only c) Social games only d) Antivirus sales only **Answer: a) Citizen engagement**
15. eDistrict services include? a) Certificates licenses local b) Only international flights c) Only gaming d) BIOS update **Answer: a) Certificates licenses local**
16. Birth certificate online some states? a) State service portal b) Random PDF email c) Unknown APK d) Pop-up **Answer: a) State service portal**
17. Caste/income certificate apply? a) State e-District/Seva portal b) WhatsApp stranger c) Email EXE d) Fake FB page **Answer: a) State e-District/Seva portal**
18. Driving license parivahan? a) Parivahan Sewa portal b) Unknown blog APK c) Instagram only wrong d) Word template only **Answer: a) Parivahan Sewa portal**
19. Railway ticket IRCTC? a) Official irctc.co.in b) Similar phishing domain caution c) Unknown app d) SMS link only wrong **Answer: a) Official irctc.co.in**
20. PM-KISAN infom portal? a) Farmer benefit scheme info b) Game cheat c) Movie torrent d) Printer ink **Answer: a) Farmer benefit scheme info**
21. Open Government Data? a) data.gov.in datasets b) Private password list wrong c) Pirate movies d) Spam **Answer: a) data.gov.in datasets**
22. Single Sign On some portals? a) One login multiple services b) Share password publicly wrong c) No authentication wrong d) BIOS password **Answer: a) One login multiple services**
23. OTP on gov portal login? a) Verification security b) Share with agent scam wrong c) Post on Facebook wrong d) Email everyone wrong **Answer: a) Verification security**
24. Digital signature certificate? a) Legal e-sign identity b) Word bold italic c) Excel chart d) PPT animation **Answer: a) Legal e-sign identity**
25. eSanad for? a) Apostille attestation online b) Games c) Music d) Printer test **Answer: a) Apostille attestation online**
26. National Scholarship Portal? a) Student scholarships apply b) Random WhatsApp fee wrong c) Email EXE scholarship wrong d) Pop-up lottery **Answer: a) Student scholarships apply**
27. CoWIN was for? a) Vaccination registration info b) Word merge c) Excel only d) PPT only **Answer: a) Vaccination registration info**
28. ePathshala provides? a) NCERT digital books b) Pirate movies c) Bank loans only d) Printer drivers **Answer: a) NCERT digital books**

29. Bharat BillPay system? a) Unified bill payments b) Email virus name c) Word feature d) CPU feature **Answer: a) Unified bill payments**
30. GeM Government e Marketplace? a) Gov procurement platform b) Personal shopping Amazon same wrong c) Game store only d) Social media **Answer: a) Gov procurement platform**
31. eOffice paperless? a) Digital file workflow gov offices b) Email delete all wrong c) No records wrong d) Printer only office wrong **Answer: a) Digital file workflow gov offices**
32. Cyber crime report portal? a) cybercrime.gov.in b) Random blog c) Unknown APK d) Pop-up **Answer: a) cybercrime.gov.in**
33. Verify gov website check? a) .gov.in domain HTTPS b) Any .com OK wrong c) HTTP enough wrong sensitive d) Email link only wrong **Answer: a) .gov.in domain HTTPS**
34. Aadhaar eKYC in banking? a) Online identity verify b) Share Aadhaar OTP scam wrong c) Public post Aadhaar wrong d) Word doc only **Answer: a) Online identity verify**
35. State service portal examples? a) Odisha / state specific b) Only foreign sites c) Only games d) Printer manual **Answer: a) Odisha / state specific**
36. Online grievance redressal? a) CPGRAMS etc b) Instagram story only wrong c) Delete email wrong d) Share PIN **Answer: a) CPGRAMS etc**
37. Digital certificate in DigiLocker from? a) Issuing authority linked b) Random WhatsApp PDF c) Unknown email d) Pop-up **Answer: a) Issuing authority linked**
38. eSign on documents? a) Aadhaar OTP based sign b) Word underline c) Excel bold d) PPT transition **Answer: a) Aadhaar OTP based sign**
39. RTI online filing some states? a) State portal b) Unknown fee WhatsApp wrong c) Email EXE d) Fake helpline **Answer: a) State portal**
40. Land records online some states? a) Bhulekh etc b) Random APK c) Pirate site d) Spam link **Answer: a) Bhulekh etc**
41. eCourts services? a) Case status online b) Games c) Movies d) Printer queue **Answer: a) Case status online**
42. National Career Service? a) Job seeker employer portal b) Only social chat c) Only games d) BIOS **Answer: a) Job seeker employer portal**
43. SWAYAM MOOCs? a) Free online courses b) Pirate software c) Spam email d) Unknown miner APK **Answer: a) Free online courses**
44. eHospital HMIS? a) Hospital management info systems b) Word only clinic wrong c) Excel only wrong blanket d) PPT only **Answer: a) Hospital management info systems**
45. Verify certificate employer uses? a) DigiLocker verify b) Screenshot only forgeable caution c) Word typed cert wrong d) Email forward only wrong **Answer: a) DigiLocker verify**
46. Safe e-gov practice? a) Official portal HTTPS OTP private b) Share OTP helper wrong c) Public cafe stay logged wrong d) Click SMS link unknown wrong **Answer: a) Official portal HTTPS OTP private**
47. DigiLocker stores? a) Digital certificates documents b) Physical cash c) Printer ink d) CPU chips **Answer: a) Digital certificates documents**
48. UMANG app provides? a) Government services unified b) Games only c) Movies only d) Word processor **Answer: a) Government services unified**
49. e-Governance means? a) Government services via ICT b) Email only c) Games policy d) Private social media only **Answer: a) Government services via ICT**

50. Aadhaar used for? a) Identity authentication b) Word processing c) Spreadsheet d) Presentation theme

Answer: a) Identity authentication

Short Answer Key

1. Define key concept in E-Governance Services. **Ans:** See study notes summary section.
2. List five important terms from E-Governance Services. **Ans:** Refer module study notes vocabulary.
3. Name three practical tasks for E-Governance Services. **Ans:** See Section C practical checklist.
4. Why is E-Governance Services important for CCC exam? **Ans:** CCC tests digital literacy including this module.
5. Give two exam tips for E-Governance Services. **Ans:** Practice MCQs daily; do hands-on lab tasks.
6. Define key concept in E-Governance Services. **Ans:** See study notes summary section.
7. List five important terms from E-Governance Services. **Ans:** Refer module study notes vocabulary.
8. Name three practical tasks for E-Governance Services. **Ans:** See Section C practical checklist.
9. Why is E-Governance Services important for CCC exam? **Ans:** CCC tests digital literacy including this module.
10. Give two exam tips for E-Governance Services. **Ans:** Practice MCQs daily; do hands-on lab tasks.
11. Define key concept in E-Governance Services. **Ans:** See study notes summary section.
12. List five important terms from E-Governance Services. **Ans:** Refer module study notes vocabulary.
13. Name three practical tasks for E-Governance Services. **Ans:** See Section C practical checklist.
14. Why is E-Governance Services important for CCC exam? **Ans:** CCC tests digital literacy including this module.
15. Give two exam tips for E-Governance Services. **Ans:** Practice MCQs daily; do hands-on lab tasks.

Practical Checklist Key

1. Complete lab task 1 from E-Governance Services study notes. **Verify:** Trainer initials & date when demonstrated.
2. Complete lab task 2 from E-Governance Services study notes. **Verify:** Trainer initials & date when demonstrated.
3. Demonstrate skill to trainer on PC. **Verify:** Trainer initials & date when demonstrated.
4. Screenshot or checklist signed by trainer. **Verify:** Trainer initials & date when demonstrated.
5. Revise wrong MCQs from practice test. **Verify:** Trainer initials & date when demonstrated.
6. Peer review exercise in lab. **Verify:** Trainer initials & date when demonstrated.
7. Timed 10-minute drill on key shortcuts. **Verify:** Trainer initials & date when demonstrated.
8. Document steps in notebook. **Verify:** Trainer initials & date when demonstrated.

Answer Key — Module 10: Cyber Security

MCQ Answer Key

1. Virus is? a) Malicious software b) Hardware part c) Input device d) Browser feature **Answer: a) Malicious software**
2. Malware means? a) Malicious software general b) Helpful tool c) OS update d) Printer driver always safe wrong **Answer: a) Malicious software general**
3. Phishing is? a) Fraudulent data theft attempt b) Fishing hobby only c) Antivirus brand d) Browser cache **Answer: a) Fraudulent data theft attempt**
4. Antivirus protects from? a) Malware b) Low RAM only c) Slow typing d) Printer jam **Answer: a) Malware**
5. Strong password example style? a) Nita@2026#AI mixed chars b) 123456 c) password d) yourname only **Answer: a) Nita@2026#AI mixed chars**
6. OTP should be? a) Kept secret one-time use b) Shared on Facebook c) Emailed to stranger d) Posted public **Answer: a) Kept secret one-time use**
7. Firewall helps? a) Block unauthorized access b) Print documents c) Edit Word d) Make charts **Answer: a) Block unauthorized access**
8. HTTPS for banking? a) Encrypted connection prefer b) Optional never matters wrong c) Slower so avoid wrong d) Replaces password wrong **Answer: a) Encrypted connection prefer**
9. Ransomware? a) Encrypts data demands payment b) Free backup tool c) Word feature d) Excel sort **Answer: a) Encrypts data demands payment**
10. Spyware? a) Secretly monitors user b) Official antivirus c) Browser bookmark d) Email signature **Answer: a) Secretly monitors user**
11. Trojan horse? a) Disguised malicious program b) Greek history only no malware wrong c) Hardware GPU d) Printer font **Answer: a) Disguised malicious program**
12. Worm spreads? a) Self across network b) Only USB always wrong only one way c) Never copies wrong d) Word table **Answer: a) Self across network**
13. Social engineering? a) Manipulate people not code only b) New OS feature c) Excel formula d) PPT theme **Answer: a) Manipulate people not code only**
14. Two-factor authentication? a) Password plus second verify b) Two passwords same wrong c) No password wrong d) Printer code **Answer: a) Password plus second verify**
15. Password manager helps? a) Store strong unique passwords b) Share all passwords wrong c) Post online wrong d) Remove need login wrong **Answer: a) Store strong unique passwords**
16. Update OS and apps? a) Patch security holes b) Slow PC purpose only wrong c) Delete files goal wrong d) Remove antivirus wrong **Answer: a) Patch security holes**
17. Public Wi-Fi risk? a) Eavesdropping MITM caution b) Always safe wrong c) Faster so secure wrong d) Replaces VPN always wrong **Answer: a) Eavesdropping MITM caution**
18. VPN provides? a) Encrypted tunnel privacy b) Free money c) Unlimited bank balance d) Removes need password **Answer: a) Encrypted tunnel privacy**
19. Backup protects from? a) Ransomware data loss b) Slow CPU c) Low ink d) Bad grammar **Answer: a) Ransomware data loss**
20. Do not click unknown? a) Email SMS links attachments b) Official typed URL OK cautious c) Verify sender d) Random APK **Answer: a) Email SMS links attachments**
21. USB unknown risk? a) May contain malware autorun caution b) Always safe wrong c) Charges phone only never data wrong d) Formats PC automatic wrong **Answer: a) May contain malware autorun caution**

22. Screen lock PIN? a) Prevents casual access b) Share with all c) Write on monitor d) Disable always wrong
Answer: a) Prevents casual access
23. Biometric login? a) Fingerprint face verify b) Password published c) OTP public d) Email all **Answer: a) Fingerprint face verify**
24. Cyber bullying? a) Online harassment b) Antivirus scan c) Excel chart d) Mail merge **Answer: a) Online harassment**
25. Report cyber crime India? a) cybercrime.gov.in helpline 1930 b) Ignore always wrong c) Post password help wrong d) Pay stranger wrong **Answer: a) cybercrime.gov.in helpline 1930**
26. Identity theft? a) Steal personal info impersonate b) Word spell check c) Excel filter d) PPT slide **Answer: a) Steal personal info impersonate**
27. Keylogger records? a) Keystrokes secretly b) Printer pages c) Monitor brightness d) CPU temp only **Answer: a) Keystrokes secretly**
28. Spam email handle? a) Mark spam do not reply b) Reply with bank details wrong c) Forward OTP wrong d) Click all links wrong **Answer: a) Mark spam do not reply**
29. Software pirated risk? a) Malware legal issues b) Always safer wrong c) Official update guaranteed wrong d) Free always clean wrong **Answer: a) Malware legal issues**
30. Browser saved password risk shared PC? a) Others may access b) Fully safe always wrong c) Encrypted always user proof wrong d) BIOS only **Answer: a) Others may access**
31. Logout shared computer? a) Protect account b) Optional never wrong c) Delete internet wrong d) Format disk wrong **Answer: a) Protect account**
32. Children online safety? a) Supervision privacy settings b) Share location public always wrong c) Accept all friend requests wrong d) Post school address wrong **Answer: a) Supervision privacy settings**
33. Digital footprint permanent? a) Can persist be careful b) Disappears instantly always wrong c) Only paper matters wrong d) BIOS only **Answer: a) Can persist be careful**
34. Spear phishing? a) Targeted specific victim b) Random only always wrong distinction c) Antivirus name d) Printer test **Answer: a) Targeted specific victim**
35. Whaling targets? a) Senior executives b) Fish animals only joke c) Keyboard whales wrong d) Excel whales wrong **Answer: a) Senior executives**
36. Patch Tuesday associated? a) Microsoft update release pattern b) Linux only wrong c) Word only wrong d) Games only **Answer: a) Microsoft update release pattern**
37. Zero-day vulnerability? a) Unknown fix not yet b) Always patched day zero wrong c) Word bug grammar only wrong d) Printer paper **Answer: a) Unknown fix not yet**
38. Multi-factor not same as? a) Longer password only MFA needs second factor b) Two copies password wrong c) BIOS twice wrong d) Print twice **Answer: a) Longer password only MFA needs second factor**
39. Hashing passwords stored? a) One-way not plain text good practice b) Plain text best wrong c) Post online wrong d) Email admin wrong **Answer: a) One-way not plain text good practice**
40. Cyber hygiene means? a) Regular safe digital habits b) Never wash hands joke wrong context c) Delete OS wrong d) Disable firewall wrong **Answer: a) Regular safe digital habits**
41. Secure browsing padlock? a) HTTPS indicator not alone enough but sign b) Virus free guarantee wrong c) Government site always wrong d) No phishing possible wrong **Answer: a) HTTPS indicator not alone enough but sign**

42. App permissions review? a) Limit camera mic contacts b) Allow all always wrong c) Ignore updates wrong d) Install unknown APK wrong **Answer: a) Limit camera mic contacts**
43. Smishing is? a) SMS phishing b) Email only phishing wrong type c) Word smudge d) Excel error **Answer: a) SMS phishing**
44. Vishing is? a) Voice call phishing b) Video only wrong c) VPN name wrong d) Virus name wrong **Answer: a) Voice call phishing**
45. Cyber awareness month India? a) October observed b) Never observed wrong c) Word month wrong d) Excel month wrong **Answer: a) October observed**
46. Insider threat? a) Risk from within organization b) Only external hackers wrong only c) Antivirus insider brand wrong d) Printer jam **Answer: a) Risk from within organization**
47. Data encryption at rest? a) Stored data scrambled b) Delete data c) Print data d) Email plain always wrong **Answer: a) Stored data scrambled**
48. Least privilege principle? a) Minimum access needed b) Admin for everyone wrong c) Share root password wrong d) Public write all files wrong **Answer: a) Minimum access needed**
49. Virus is? a) Malicious software b) Hardware part c) Input device d) Browser feature **Answer: a) Malicious software**
50. Malware means? a) Malicious software general b) Helpful tool c) OS update d) Printer driver always safe wrong **Answer: a) Malicious software general**

Short Answer Key

1. Define key concept in Cyber Security. **Ans:** See study notes summary section.
2. List five important terms from Cyber Security. **Ans:** Refer module study notes vocabulary.
3. Name three practical tasks for Cyber Security. **Ans:** See Section C practical checklist.
4. Why is Cyber Security important for CCC exam? **Ans:** CCC tests digital literacy including this module.
5. Give two exam tips for Cyber Security. **Ans:** Practice MCQs daily; do hands-on lab tasks.
6. Define key concept in Cyber Security. **Ans:** See study notes summary section.
7. List five important terms from Cyber Security. **Ans:** Refer module study notes vocabulary.
8. Name three practical tasks for Cyber Security. **Ans:** See Section C practical checklist.
9. Why is Cyber Security important for CCC exam? **Ans:** CCC tests digital literacy including this module.
10. Give two exam tips for Cyber Security. **Ans:** Practice MCQs daily; do hands-on lab tasks.
11. Define key concept in Cyber Security. **Ans:** See study notes summary section.
12. List five important terms from Cyber Security. **Ans:** Refer module study notes vocabulary.
13. Name three practical tasks for Cyber Security. **Ans:** See Section C practical checklist.
14. Why is Cyber Security important for CCC exam? **Ans:** CCC tests digital literacy including this module.
15. Give two exam tips for Cyber Security. **Ans:** Practice MCQs daily; do hands-on lab tasks.

Practical Checklist Key

1. Complete lab task 1 from Cyber Security study notes. **Verify:** Trainer initials & date when demonstrated.
 2. Complete lab task 2 from Cyber Security study notes. **Verify:** Trainer initials & date when demonstrated.
 3. Demonstrate skill to trainer on PC. **Verify:** Trainer initials & date when demonstrated.
 4. Screenshot or checklist signed by trainer. **Verify:** Trainer initials & date when demonstrated.
 5. Revise wrong MCQs from practice test. **Verify:** Trainer initials & date when demonstrated.
 6. Peer review exercise in lab. **Verify:** Trainer initials & date when demonstrated.
 7. Timed 10-minute drill on key shortcuts. **Verify:** Trainer initials & date when demonstrated.
 8. Document steps in notebook. **Verify:** Trainer initials & date when demonstrated.

Answer Key — Module 11: Future Skills

MCQ Answer Key

1. AI stands for? a) Artificial Intelligence b) Automatic Internet c) Advanced Input d) Applied Ink **Answer: a) Artificial Intelligence**
2. Machine learning is? a) Computers learn from data b) Manual typing only c) Printer setting d) Email protocol **Answer: a) Computers learn from data**
3. ChatGPT type tool is? a) Generative AI assistant b) Antivirus c) Spreadsheet d) Operating system **Answer: a) Generative AI assistant**
4. IoT means? a) Internet of Things b) Internet of Text c) Input Output Tool d) Internal OS Test **Answer: a) Internet of Things**
5. Cloud computing delivers? a) Services over internet b) Only rain weather joke c) Only local floppy d) Only printer **Answer: a) Services over internet**
6. Big data refers to? a) Large complex datasets b) Big monitor c) Big keyboard d) Big mouse **Answer: a) Large complex datasets**
7. Blockchain known for? a) Distributed ledger technology b) Word formatting c) Excel chart d) PPT animation **Answer: a) Distributed ledger technology**
8. Digital literacy means? a) Use technology effectively safely b) Avoid all tech wrong c) Only games wrong d) Only social media wrong narrow **Answer: a) Use technology effectively safely**
9. Coding teaches? a) Logical problem solving b) Only typing speed wrong only c) Only painting wrong d) Only printing wrong **Answer: a) Logical problem solving**
10. Python used for? a) Programming AI data scripts b) Word processing only wrong c) Printer driver only wrong d) BIOS only wrong **Answer: a) Programming AI data scripts**
11. 3D printing creates? a) Physical objects layer by layer b) Only PDF c) Only email d) Only music **Answer: a) Physical objects layer by layer**
12. Virtual reality VR? a) Immersive simulated environment b) Email feature c) Word table d) Excel pivot only **Answer: a) Immersive simulated environment**
13. Augmented reality AR? a) Digital overlay on real world b) Only VR same wrong c) Only printer d) Only BIOS **Answer: a) Digital overlay on real world**

14. Robotics combines? a) Mechanical electronic software b) Only Word mail merge c) Only Excel d) Only Paint
Answer: a) Mechanical electronic software
15. 5G network offers? a) Faster mobile broadband b) Free laptops wrong c) Replaces electricity wrong d) Word processor wrong
Answer: a) Faster mobile broadband
16. Data privacy important because? a) Personal info protection b) Slow internet fix wrong c) Printer color wrong d) Font size wrong
Answer: a) Personal info protection
17. Ethical AI considers? a) Fairness transparency bias b) Only speed wrong c) Only logo wrong d) Only price wrong
Answer: a) Fairness transparency bias
18. Automation at workplace? a) Tasks done by systems/scripts b) Always eliminates all jobs oversimplify wrong c) Only manual always wrong d) Only games wrong
Answer: a) Tasks done by systems/scripts
19. Remote work tools include? a) Video call cloud docs b) Only fax wrong c) Only typewriter wrong d) Only postal wrong
Answer: a) Video call cloud docs
20. Green computing aims? a) Energy efficient IT b) Paint PC green joke c) Delete internet wrong d) More paper wrong
Answer: a) Energy efficient IT
21. Open data government? a) Public datasets reuse b) Sell passwords wrong c) Pirate movies wrong d) Spam wrong
Answer: a) Public datasets reuse
22. Smart city uses IoT for? a) Traffic utilities monitoring b) Only games wrong c) Only movies wrong d) Remove citizens wrong
Answer: a) Traffic utilities monitoring
23. Drone application? a) Delivery survey agriculture b) Word processing wrong c) Excel only wrong d) Email only wrong
Answer: a) Delivery survey agriculture
24. Cyber physical systems? a) Compute interacts physical world b) Word only wrong c) Only social media wrong d) Only fax wrong
Answer: a) Compute interacts physical world
25. Digital twin? a) Virtual model of real system b) Two monitors wrong c) Two keyboards wrong d) Two emails wrong
Answer: a) Virtual model of real system
26. NFT controversial use? a) Digital ownership token art etc b) Word font wrong c) Excel row wrong d) Printer tray wrong
Answer: a) Digital ownership token art etc
27. Metaverse concept? a) Shared virtual spaces b) Email protocol wrong c) OS kernel wrong d) Printer language wrong
Answer: a) Shared virtual spaces
28. Low code platforms? a) Build apps minimal coding b) No electricity wrong c) No internet wrong d) BIOS editor wrong
Answer: a) Build apps minimal coding
29. API allows? a) Software systems communicate b) Printer ink type wrong c) Keyboard layout only wrong d) Mouse DPI only wrong
Answer: a) Software systems communicate
30. Version control Git helps? a) Track code changes collaborate b) Print documents wrong c) Send fax wrong d) Mail merge wrong
Answer: a) Track code changes collaborate
31. STEM skills include? a) Science Tech Engineering Math b) Only art wrong only c) Only sports wrong only d) Only music wrong only
Answer: a) Science Tech Engineering Math
32. Soft skills with tech? a) Communication teamwork adaptability b) Only typing wrong only c) Only sleeping wrong d) Only eating wrong
Answer: a) Communication teamwork adaptability
33. Lifelong learning means? a) Continuous skill update b) Stop after school wrong c) Never read wrong d) Avoid all courses wrong
Answer: a) Continuous skill update
34. Online MOOC example? a) SWAYAM Coursera types b) Only piracy wrong c) Only spam wrong d) Only virus wrong
Answer: a) SWAYAM Coursera types

35. Digital divide refers to? a) Gap in tech access skills b) Math division wrong joke c) Printer split wrong d) Excel divide error only joke **Answer: a) Gap in tech access skills**
36. Assistive technology helps? a) Disabilities access computing b) Hack banks wrong c) Spam wrong d) Pirate wrong **Answer: a) Disabilities access computing**
37. E-waste recycling important? a) Environmental health b) Throw in river wrong c) Burn in open wrong d) Mix food wrong **Answer: a) Environmental health**
38. Quantum computing uses? a) Quantum physics for compute b) Word quantum spell wrong only c) Excel only wrong d) PPT only wrong **Answer: a) Quantum physics for compute**
39. Biometric future login? a) Face fingerprint iris b) Public password wrong c) Share OTP wrong d) Email PIN wrong **Answer: a) Face fingerprint iris**
40. AI bias can cause? a) Unfair decisions b) Faster printer wrong c) More RAM wrong d) Better virus wrong joke **Answer: a) Unfair decisions**
41. Human in the loop AI? a) Human oversight in decisions b) Robot only no human wrong c) Delete user wrong d) No review wrong sensitive **Answer: a) Human oversight in decisions**
42. Prompt engineering for? a) Effective AI instructions b) Printer prompts wrong c) BIOS prompts only wrong narrow d) Email subject only wrong **Answer: a) Effective AI instructions**
43. Digital payment growth India driven by? a) UPI smartphone policy b) Only coins wrong c) Only barter wrong d) Remove banks wrong **Answer: a) UPI smartphone policy**
44. Future job skills CCC prepares? a) Digital office citizen skills b) Only rocket science wrong only c) Only surgery wrong only d) Only farming manual only wrong **Answer: a) Digital office citizen skills**
45. Responsible AI use student? a) Verify output cite sources b) Copy exam answers blindly wrong c) Share personal data with bot wrong d) Trust all hallucinations wrong **Answer: a) Verify output cite sources**
46. Tech entrepreneurship example? a) Startup app solving problem b) Only spam email business wrong c) Only scam wrong d) Pirate software wrong **Answer: a) Startup app solving problem**
47. Digital etiquette future workplace? a) Professional online behavior b) Caps lock always wrong c) Share secrets wrong d) Harass wrong **Answer: a) Professional online behavior**
48. Continuous upskilling platform NITA? a) Courses practice labs mocks b) Only games wrong c) Only movies wrong d) No learning wrong **Answer: a) Courses practice labs mocks**
49. AI stands for? a) Artificial Intelligence b) Automatic Internet c) Advanced Input d) Applied Ink **Answer: a) Artificial Intelligence**
50. Machine learning is? a) Computers learn from data b) Manual typing only c) Printer setting d) Email protocol **Answer: a) Computers learn from data**

Short Answer Key

1. Define key concept in Future Skills. **Ans:** See study notes summary section.
2. List five important terms from Future Skills. **Ans:** Refer module study notes vocabulary.
3. Name three practical tasks for Future Skills. **Ans:** See Section C practical checklist.
4. Why is Future Skills important for CCC exam? **Ans:** CCC tests digital literacy including this module.
5. Give two exam tips for Future Skills. **Ans:** Practice MCQs daily; do hands-on lab tasks.
6. Define key concept in Future Skills. **Ans:** See study notes summary section.

7. List five important terms from Future Skills. **Ans:** Refer module study notes vocabulary.
8. Name three practical tasks for Future Skills. **Ans:** See Section C practical checklist.
9. Why is Future Skills important for CCC exam? **Ans:** CCC tests digital literacy including this module.
10. Give two exam tips for Future Skills. **Ans:** Practice MCQs daily; do hands-on lab tasks.
11. Define key concept in Future Skills. **Ans:** See study notes summary section.
12. List five important terms from Future Skills. **Ans:** Refer module study notes vocabulary.
13. Name three practical tasks for Future Skills. **Ans:** See Section C practical checklist.
14. Why is Future Skills important for CCC exam? **Ans:** CCC tests digital literacy including this module.
15. Give two exam tips for Future Skills. **Ans:** Practice MCQs daily; do hands-on lab tasks.

Practical Checklist Key

1. Complete lab task 1 from Future Skills study notes. **Verify:** Trainer initials & date when demonstrated.
2. Complete lab task 2 from Future Skills study notes. **Verify:** Trainer initials & date when demonstrated.
3. Demonstrate skill to trainer on PC. **Verify:** Trainer initials & date when demonstrated.
4. Screenshot or checklist signed by trainer. **Verify:** Trainer initials & date when demonstrated.
5. Revise wrong MCQs from practice test. **Verify:** Trainer initials & date when demonstrated.
6. Peer review exercise in lab. **Verify:** Trainer initials & date when demonstrated.
7. Timed 10-minute drill on key shortcuts. **Verify:** Trainer initials & date when demonstrated.
8. Document steps in notebook. **Verify:** Trainer initials & date when demonstrated.
